Term 3 Week 10, 24 September 2014

Dear Parents, Carers and Community Members,

Well, we are on the eve of another term coming to a close. Schools take a lot of energy to run and function; the students have to stay motivated and focussed, the staff have to plan, design and teach their programs and the office, cleaning and gardening staff keep the school ticking over. If we could turn all that energy into useable power, I am sure we could run the entire Winterfold community for the next thousand years!

For example, some of the energy expended of late include the Winterfold Interschool Cross Country where the running skills of our students shone through once again. Please have a read further on in this newsletter as our PE teacher Mr Wotherspoon has written his own article about this event.

Last week on Tuesday and Thursday Room 7 & 8's Technology and Enterprise (T&E) projects culminated in them selling a variety of food based products to their peers over the two lunch periods. Months and months of preparation had gone into this T&E project where the students had to plan, design, create and evaluate their food based product. It was a massive success with the students raising \$800. This money will directly contribute to the Senior Camp. Congratulations also go to the two teachers, Miss Moloney and Miss Brown, for designing and overseeing this program of work.

We have had quite a few students devote their energies into fundraising programs to help with some great social causes. Hanny Martin just recently raised a substantial amount of money through a school free dress day coupled with participating in the Relay for Life 24 hour walk, which was held last weekend up at Dick Lawrence Oval. All monies raised went to the Cancer Council. We also had a group of senior students run a 5c drive where students were asked to bring in all their stray 5c pieces. The fundraising culminated in these students raising over \$500, which will be donated to the Fremantle PCYC. WELL DONE to all these students, you should be very proud of yourself.

Congratulations goes to Mr Craig Arkell who is our Science coordinator, as he has arranged for a fleet of Scitech staff to come out to Winterfold tomorrow

as a part of our reward day to run a whole day of really cool Science activities. The program for the day will keep every student totally engaged and happy.

Well, as you can see this is a small snapshot of the input and output of energy that is needed to run an efficient, effective primary school. We hope everyone has a safe two week break, where the batteries have time to be recharged and where you can spend some time with family and friends.

Quote of the Day: Passion is energy. Feel the power that comes from focussing on what excites you!

Cheers,
The Admin Team

5 Cent Drive Class Competition

A very big **Thank You** to the Winterfold Community for supporting the 5 Cent Drive which concluded Friday, 12 September.

Over \$500 was raised and will be donated to Fremantle PCYC, located in Paget Street, Hilton.

Room 11 raised the most money with Room 7 following closely behind. Both of these rooms have enjoyed their prize of a yummy cake to devour. Well done to all!

Relay for Life - Cancer Council

The free dress day held on Friday, 19 September, raised \$225.80.

Those who took part in the 24 Hour Lapathon at Dick Lawrence Reserve over the weekend of the 20 and 21 September, were hit with warm sunny weather on the Saturday and a torrential storm on the Sunday but still managed to raise a whopping \$68,300. Great work!

Room 7 and Room 8 Technology and Enterprise Small Business Venture Feedback

Room 7 and 8's Technology and Enterprise Small Business Venture held during the school lunch times on Tuesday, 16 September and Thursday, 18 September, was a great success.

Thank you to all Winterfold Families for supporting this event which raised over \$800. These proceeds will allow the senior students access to value added activities on their end of year Senior Camp. A big congratulations must go to the students who created these stalls and their wonderful teachers and support staff who assisted them.

Great work and congratulations, guys!
