

Congratulations!

2 May 2016

Dear Winterfold Families,

The WA School Canteen Association Inc. congratulates Winterfold Primary School canteen for achieving **5 Star Accreditation** for the third year in a row.

This means your school provides and promotes healthy choices in the canteen and 98% of sales are from healthy and delicious foods. This is important as it means your school canteen is:

- committed to improving students' health
- the majority of the menu is categorised as Green e.g. fruit, vegetables, sandwiches, soup, pizza, popcorn, pikelets and water
- educating students, parents and staff about healthy food choices
- leading and motivating other schools to achieve **StarCAP2** accreditation.

Well done to the team at Winterfold especially Canteen Supervisor, Pip Slaughter.

What's next?

It's your support that makes the canteen a success! We encourage you to visit or email the canteen and provide feedback about menu items, ideas for special events and new recipes for the canteen to trial.
